FINANCE PLAN
FOR STOCKMEN
IS EXPLAINED

Chicago, Ill., Dec. 1.—The Livestock Finance Corporation, organized with a pool of \$2,000,000 supplied by New York, Chicago and Boston banks to aid the livestock industry of the country, has issued a statement outlining its plans and explaining its method of operation.

The statement points out that the corporation cannot deal directly with individual livestock producers, but will reach them through livestock loan committees and banks. The corporation itself cannot make loans, the statement says, because it has a capital stock of only \$1,000,000.

The corporation with the money placed at its disposal will purchase at 10 percent rate of discount from cattle loan companies and banks such indebted paper as desired, but not to exceed the maximum engagements of the lender. The corporation, primarily, will assist the various companies in carrying the loans already on their books.

We're for a clean city politically, morally, socially and financially. Neither would we want to get into the game and see that El Paso's political affairs are filled with dirty deals for their fitness, vision and integrity. The future of El Paso depends on you. What are you going to do about it?

Why Marriages
Are Scarce

A voice taken among university women in Kansas reveals that the sweet young things demand that hubby earn from \$100 to \$125 a month. In short, "that is going some." Luckily a lot of them shave down the figure to \$75 a month. "The man arrives in the office."

Officers elected by the El Paso executive committee of the American Red Cross at a meeting Tuesday evening are as follows: Horace H. Stevens, chairman; Mrs. H. W. Broadbent, vice-chairman; U. S. Stewart, treasurer; Mrs. E. F. Worthington, secretary; James G. McNary, Dr. Herbert Stevenson, R. F. Burgess, Mrs. J. F. Williams and Mrs. Fred Norton, directors. They will serve for one year, beginning January, 1921.

Yearly reports were received from the officers and committees of the chapter. The report of the treasurer, Dr. H. H. Receipts up to the time of the annual roll call left a balance of about \$12,000. As a result of the drive there is at present a fund of \$11,533.33. Half of this \$11,533.33 is from the southwestern division and \$5,766.66 is from the state of Texas. The remainder is to be used as a special fund for service men.

Mrs. E. F. Worthington, secretary of the home service department, reported that her office was working specially with former service men and disabled soldiers. A total of 1118 families have been cared for between October 1, 1918, and October 1, 1920. Loans of \$11,533.33 have been made, of which \$11,533.33 has been repaid. The sum of \$1000 has been placed as a revolving fund, with Mrs. Dorothy Coons, secretary.

German Urges Revolt To

Berlin, Germany, Dec. 1.—Revision of the peace treaty of Versailles by the international proletariat was urged by Ernst Daebling, leader of the new communists, in a debate in the Reichstag Tuesday. Daebling prophesied a coming revolution overthrowing capitalism. He said his party desired expropriation of all war property and the nationalization of all industry and production and as complete and as thorough as possible. LIVE STOCK BODY OPPOSES
TRANSFER OF ELK TO CITY

Winnemucca, Nevada, Dec. 1.—The plan of the sporting club of Elko, Nevada, to secure fifty elk from Jackson's Hole, Wyoming, and ship them to Elko, is opposed by the Nevada livestock association. It is estimated that fifty head of elk will increase in ten years to 2500, and thus crowd out that many cattle. The elk at Jackson's Hole are owned by the federal government and a number may be secured by a community free of charge, by paying the freight and upon the showing that the elk will not be a detriment to or encroach upon any cattle or sheep ranges.
